PENDLETON WILL TAKE THE GAME

HIGH SCHOOL FOOTBALL

TEAM PLAYS WALLA WALLA.

Pendleton Boys Are Prepared to Defeat Walla Walla Easily—Hard Practicing Is Being Done and the Team Is Heavier Than Last Year—Coach Dan P. Smythe Has Every Confidence in the High School Team—Other Good Games Are Scheduled for the Near Future.

Pendleton football enthusiasts are looking forward to the game between the local high school and the Walla Walla high school with much interest. The game will be played Saturday afternoon at Walla Walla. Last year when the teams met the Pendleton boys secured the victory by a score of 5 to 0.

A large number of rooters have signified their intention of accompanying the team to Walla Walla next Saturday. A rate of one and one-third fare has been made by the O. R. & N. company for the round trip. "We desire a large attendance from this city," said Coach Dan P. Smythe, "and those wishing to go should apply either to Manager George Eyre or myself."

"The members of the team will be selected Thursday night. The boys are working hard each evening and I am quizzing them on rules of the game as well as working them out."

"We are anxious to secure a game with the Hill Military Academy, of Portland. The cadets are considered one of the strongest academy teams in the Northwest and we want to go at them."

Several good games are scheduled for this fall. The big event will be with Baker City, in this city on Thanksgiving day. La Grande and Weston will also be played. The game with Weston will take place here November 11.

IS IMPROVING.

Mrs. Mossie Has Been Paralyzed for Three Years Past.

Henry Mossie and wife of Camas Prairie, are in town. Mrs. Mossie, who is suffering from paralysis, and has been measurably helpless for several years, had not been in Pendleton for three years past until yesterday. Her improvement of late has been very perceptible.

Mr. Mossie states that the summer range being defective on account of the shortage of rain, the cattle did not reach the fall season in prime condition, and on that account the fall sales of cattle have not been as vigorous as they would otherwise have been, and the proportion of cattle left in the Camas country is larger than the cattle raisers expected and hoped for. However, with the great abundance of forage on hand and splendid fall range, they can all put their cattle in fine condition in a comparatively short time.

Mr. Mossie has 200 head of fine stockers which will be full fed later, and are now in fine condition.

Doesn't Like the Interior.

Joe Ollinger of Sharon Springs, Kas., who was here some time ago, going south from here, has just returned from the interior. He reports that he had enough in seven weeks of the interior, to last him for a life time. Mr. Ollinger is a tall and seeks a location in some of the smaller towns. When he has found the place that suits him, he will build a combination shop and dwelling, and send for his family. His intention is to visit all the small towns within a radius of a hundred miles of Pendleton.

Will Keep "Open House."

F. G. Lucas, the Athena produce dealer, is in town. Mr. Lucas states that the machinery for the new and remodeled Preston-Parton mills is being installed and will be ready for operation in a very short time. The company will keep "open house" when the establishment is ready to operate, and will serve coffee and hot biscuits to all comers.

Rev. Egerton Here Friday.

Rev. Egerton and family are expected to arrive from Corvallis Friday morning, and Mr. Egerton will preach in the Congregational church Sunday morning. The evening service in the Congregational church will be a special missionary meeting which will present the claims of Japan to the missionary spirit of the people.

The Edwards Residence.

Tom Edwards and wife of Upper Butter Creek, are in town buying lining and other finishing material for their new residence, which is said to be one of the largest and most modern farm residences in the county. It will be ready for occupancy in about three weeks.

Athena Is a Healthy Town.

There is said not to be a case of sickness in any degree in the town of Athena at this time. One of the residents of the place says, "There is a good deal of kicking about the quality of the water supply of Athena, but it appears like the water agrees with the people, just the same."

Victor Goshen Sued.

Fred Walters has instituted action in the state circuit court to collect \$116.10 from Victor Goshen. Walters alleges he sold to the value of \$85 to Goshen and that the latter has failed to pay for it. The plaintiff also holds a transferred claim for mechanics' wages against Goshen.

Rally at the Court House.

State Senator George C. Brownell, of Oregon City, who is to speak at the republican rally in this city next Saturday night, will appear at the court house. The Pendleton band will render a half hour's concert in Court street preceding the speaking.

Congregational Ladies.

Tomorrow afternoon at 3 o'clock, there will be a meeting of the ladies of the Congregational church, at the church. Mrs. Lowell especially requests that every lady of the church and congregation attend.

This is a better country to live in, because Schilling's Best is in it.

TRUSTEES' MEETING

PENDLETON ACADEMY'S REGULAR BUSINESS ROUTINE.

Annual Meeting Held With Full Attendance Present—Amended Articles of Incorporation Made Necessary by Division of Eastern Oregon Presbytery, Will Be Filed—Old Officers All Re-elected—Conditions Are Highly Satisfactory and Prospects Bright.

The annual meeting of the board of trustees of Pendleton Academy was held last night at which the regular business pertaining to the conduct and maintenance of the academy was transacted.

A full attendance of the board was present, including President Lot Livermore, Dr. W. S. Holt, Rev. W. L. Van Nuy, Fred Nolf, W. H. Bleakney and Bert Huffman, Rev. R. J. Diven being invited to sit in the meeting also.

The report of the principal, W. H. Bleakney, was received, showing the attendance of the academy to be 43, at this time, and the work of the school and teachers, being highly satisfactory.

Amended Articles.

The matter of preparing and filing amended articles of incorporation made necessary by the recent division of the Eastern Oregon presbytery was referred with full authority to the executive committee of the board, consisting of W. H. Bleakney, Rev. W. L. Van Nuy and Bert Huffman. The amended articles will provide for the constitution of the board, under the present status of the presbyteries and will provide who of the officials of the presbyteries shall be members of the board by reason of their official position in the presbytery.

Amendments Adopted.

Amendments were adopted fixing the authority of the executive committee, prescribing its duties and the duties of the other officials, in order to simplify the management and carry on the institution in the interim between the meetings of the board of trustees. The institution is now on a more practical, progressive and business basis than ever before and the prospects before it are really brighter than since it was founded.

Officers Elected.

Officers were elected for the ensuing year, all the old officers being re-elected as follows: President, Lot Livermore; secretary, Rev. W. L. Van Nuy; treasurer, Fred Nolf; executive committee, W. H. Bleakney, Rev. W. L. Van Nuy and Bert Huffman.

The executive committee will meet tonight to organize and take up the work assigned to it by the board.

The sincerest gratitude was expressed for the zealous manner in which the old patrons of the academy have continued their deep interest in it, and with the wide influence they have extended in bringing in the larger attendance of new pupils.

Training Is First Class.

The work now being done by the academy in all its branches and grades is of a higher and more thorough class than ever before and it is the intention and determination of the board to make it the leading institution of the kind in the entire Inland Empire, having as a basis of its prosperity the earnest support and local pride of Pendleton and Umatilla county, and the co-operation of adjoining counties in Oregon and Washington.

DISTRICT DIVISION TROUBLE.

Explanation of the Difficulties in the North End of the County.

Walla, Wash., Oct. 23.—(To the East Oregonian.)—In your issue of the 17th inst. I see that you have been misinformed as regards affairs in school district 86. The west enders are accused of trying to run things without regard to the wishes of the east enders.

Now, the truth of the matter is, that the east enders carried on school and didn't care whether the west enders were alive or not. They enumerated children out of district 105; their books were kept in such shape that nobody could tell anything about them; their directors took pecuniary interest in the furnishing of school supplies contrary to law.

We, in the west end, built a new school house, the east enders, as they style themselves, never even gave us a dollar. We asked their directors as gentlemen, to allow us one month school in the new school house; they refused us. They are afraid of education.

Now, by the east enders, I don't mean all who live in the east side—there are only two men at the bottom of all this trouble. Before it is over these two men will have to give an account of their past stewardship.

Now, the policy of the west enders is this: Run two schools in the district, three if necessary. Give every child a chance. We are willing to pay our share, and let the east end do the same.

It seems queer, though, that the men who want the district divided have rented their farms and are moving away. They hoped we would not vote a tax this year, but we did, and will next year. Respectfully,

DAVID MARSHALL, Chairman Board of Directors.

ONE JAP GOES HOME.

Neesh-Tah-Nee of Cayuse Will Fight the Russians.

Anent the story that four Japanese had left Pendleton to enlist in the service of Japan against Russia, George Ko-wah-see, the Japanese restaurateur on Cottonwood street, and several of his Japanese friends, some of them members of the Japanese Association, declare that but one Japanese will go to the war from Umatilla county, and he is a section hand from Cayuse. His name is Neesh-tah-nee, and he was a soldier against China in the war of 10 years ago.

Neesh-tah-nee is 38 years old, and is credited by his countrymen with being a brave man. Ko-wah-see and the others say that La Grande contributes four volunteer Japanese to the present war, and that the remaining 27 which sail on the 29th inst. from Portland come from that place and immediate vicinity.

Colony From Michigan.

Will Humphreys, a carpenter and cabinet maker from Owosso, Mich., arrived yesterday. He will make a tour of the Northwest from this point, expecting to be here several times during the winter, and not return to Michigan until spring. Mr. Humphreys states that at least a dozen families will leave Owosso and vicinity during the coming season for the Northwest. The climate of Michigan is their principal grievance. Mr. Humphreys was here two years ago and is predisposed in favor of this locality.

Arkansians Abroad.

George Boller and family and his father-in-law, Gerald Chesney, of Bentonville, Ark., arrived last night and will in a few days go out into the lower Butter creek country, where Missouri friends of theirs from Seligman Junction, came lately. The latter, A. J. Reigh and family, and T. P. Hall and family, have taken land in that district, but will spend the winter elsewhere and the Bollers and Mr. Chesney will occupy their claims during the coming few months.

Will Open Millinery Store.

Mrs. Lovina Elliott, of McCook, Neb., arrived from the East this morning and was met at this place by Mr. and Mrs. Pershing, of the Juniper country. Mrs. Elliott intends to open a millinery store in Echo or Foster, or possibly in Umatilla. Her husband took a claim near Foster last spring and returned to Nebraska ill and has not yet recovered sufficiently to come West, but will arrive during the next few weeks.

Taken Land Near Foster.

Miss Elbreth Ellis, who has been visiting J. O. Mills and family in the Milton country, arrived here last evening from the north and met her brother, Robert Ellis, who has taken land near Foster, and together they will return to Boise. Both will teach in schools in which they have had substitutes teaching since the beginning of the present school year, and Miss Ellis will return in the spring with her brother.

Prof. Search to California.

Preston W. Search, who delivered two lectures in this city during the teachers' institute, left this morning for Hillsboro, from where he will go on to California to fill lecturing engagements. On November 11, 12 and 13, Prof. Search will lecture at Whitman College. For 26 months in advance the services of Prof. Search are engaged in active appointments in different parts of the United States.

May Open Restaurant.

Ross Jordan, who has been steward during the past summer on a lower Columbia steamer, arrived yesterday and will engage in bartending, or in the restaurant business here during the winter, if he carries out his present intentions. Mr. Jordan was formerly in the restaurant business in La Grande and is an old friend there of Orville Saylor and family, of this place.

Prospecting Around Dale.

Charles Austin of Spokane, and P. W. and A. J. Vaughan of Missoula, Mont., arrived this morning from a tour of prospecting for land through the southern part of this county, the trip including the Dale country. All rather expect to return in the spring, in the meantime filing on land in the La Grande office, which they selected while on this trip.

Will File on Land.

Walter Barnett came in from the southwestern part of the county yesterday and left for La Grande on the early morning train for the purpose of filing on land which he located on the trip. Mr. Barnett will bring his family here from Farmington, Wash., for the winter, about the 15th of November, and move upon his land permanently in the spring.

Juniper Farm Sold.

B. V. Steele has sold his Juniper farm for \$4875 to Tom Thompson. Mr. Steele has owned the place two years and had two good crops off it and sells it at an advance of \$775. This year he harvested 5000 bushels of excellent wheat from 200 acres. Mr. Steele has no intention of leaving the county.

Children's Dancing Class.

Prof. M. H. McMin's juvenile dancing class now numbers 45 little tots from 7 to 10 years of age. The lessons to the class are given at Music Hall every Saturday afternoon.
